

Haifeng Sun

curiosity123hf@gmail.com

RESEARCH INTERESTS

My research interests center around learning and control in robotics. /to be completed

EDUCATION

School of Electronic Information and Electrical Engineering - Automation , Shanghai Jiao Tong University	2024.9 Shanghai, China
--	---------------------------

EXPERIENCE

first semester in SJTU	85+/100
Design and build an advanced Embedded Framework for Robot Chassis in IWN-FINS lab	2024-2025
Build the fully self-design steerable wheeled mobile robot - Fines	2024-2025
Leader in SJTU Student Innovation Project: Design of a Robot Anti-Slip System Based on Hybrid Control Strategy.	2025

SELECTED AWARDS

39th Physics Competition	First Prize
--------------------------	-------------

SKILLS

- Skills: Python , C++ , ROS2 , Linux , STM32 Embedded Development
- Languages: English (GRE)

REFERENCES

- [Jianping He](#), Full Professor in Department of Automation, Shanghai Jiao Tong University, China
